

STONE SPORT

Earlier in the month, as a team we interviewed Miss Sharp (Stone saint Mary's sport and P.E leader).

We asked questions like sport tournaments and about her feelings. We got some wonderful answers and retrieved some key information.

The first questions we asked was about the girl's football tournament that took place on Monday 26th of September at Princes Park (Dartford football ground). The girls played extremely well and ended up qualifying. Miss sharp told us that they played well, and Miss Sharp was very proud. When the girls went back to play after qualification, they surprisingly come 6th out of 35 schools beating the other 6 schools in their group.

We asked about the boy's football tournament that took place on Wednesday 28th September at Princes Park (Dartford football ground). The boys came 3rd out of 5 schools. Miss Sharp told us that the boys could have shown better sportsmanship when they were playing.

We asked Miss Sharp about school sports and what should be played more at school during P.E. we retrieved the sports of Tennis, Tag Rugby and even Basketball. We asked Miss Sharp thinks that football is played fairly at school, and we got the reply of it depends on who is playing. We then asked if she thinks that school equipment is treated fairly, and we got told no.

We then wanted to find out more about school sports tournaments and we found out that the school come first in a Rounders tournament, District sports and Trust sports.

And because house captains were just announced we asked how Miss Sharp feels about them, we found out that she is very excited to work with them. Finally we asked Miss Sharp how she feels about being our school sport and PE leader She told us that she has lots of jobs to do including arranging sports tournaments, preparing an exciting sports week and sorting out kits for the different activities. It is a big responsibility.

TERM TIMES

TERM 1

About Term Times

Hello, Stone St Marys, we are the HEADLINERS and we will give you all the information you need and when you need it!

Our team is a group of children who will investigate, snoop and work hard to inform you about many things that happen throughout the school term. This may include how the house captains will improve our sports or how the Junior Leadership can change our school. The people behind this newspaper are Tino, Max, Poppy, Logan and Abi. we are the HEADLINERS and we will bring all our school updates and together we will celebrate our achievements. As a team we will be at the heart of our community.

TIGER'S WORSHIP WOWS US WITH THEIR AMAZING SINGING

**TIGERS WAS THE FIRST CLASS TO DO A CLASS WORSHIP AND
IT WAS AMAZING!!**

At first, we were wondering what is the message? But we figured it out when they started to talk about how pollution can affect the earth and our lives. They were also talking about biomes which are different types of lands.

Talking about their amazing singing the songs they sang are How far I'll go -Moana and STRONGER TOGETHER our school song which I know everybody loved because of their beautiful voices shining across the room. After, our lovely Mrs. Rolfe was talking about" WOW and OW moments" and then we talked about what WOW and OW moments and one of the pupils said that the OW moments were about pollution and the WOW moments were about how different the biomes are I mean some are cold some are hot!

Can you believe that they were linking their learning bravo Year 5 bravo, and as someone said REDUCE REUSE RECYCLE!

Fun Fact; Did you know that 70% of the worlds water is in Antarctica?

Junior Leadership

The headliners have spoken to Mrs. Goodwin about Junior Leadership. The Junior Leaders are Destiny, Dominic, Emma, Billy, Grace and Danny. The Junior Leadership team improves our school by having regular meetings about things that may need improving or maybe even changing. "Year 6 have a voice" was the statement made by Mrs. Goodwin, the team will need to be brave and be involved in decisions throughout the year, attending governor meetings and discussing lunchtime issues. The team have already been involved with the kitchen staff talking about menus, what children like to eat and what menus should be on special lunch.

Children`s Choice Bonfire Night Menu Tuesday 2nd November 2023

Main:

Meat feast pizza

Vegetarian:

Pepper and sweetcorn pizza

Dessert:

Rocky road/Fresh strawberries served with delicious marshmallows

WHATS NEW?

As you may or may not know our school now has chickens. They will be kept by our school pond next to Meerkats class. They were bought last spring as eggs, put in an incubator. They then hatched into little chicks the school then decided to keep them.

Recently the hens have started laying eggs, one of the eggs was used by our year 5 students to make scrambled eggs.

BE A HISTORIAN DAY

On Monday 16th October the school had the opportunity to dress up as somebody historical. There were no boundaries to who we could be for the day! The whole school was filled with scientists, authors, nurses, suffragettes and armed forces personnel. It was an amazing sight.

MISS WIBBERLEY

Since she was young, she struggled with maths. She didn't want other children to feel how she did, so she decided that she wanted to support them by teaching them. Because she has practiced maths so much, it is now her favourite subject.

Her favourite job in the whole entire school is teaching. The reason why she loves teaching is because she wants to be there for young children and make sure they understand and learn. "If you believe in yourself anything is possible" Quoted by Miss Wibberley.

Since Miss Wibberley was a young child, she knew she wanted to be a wonderful teacher and help children. To be honest she was very determined to be one so she can help younger children. Even though it took her ages to become a teacher she persevered and did it.

Miss Wibberley was inspired by her Year 5 teacher Mrs Purbrick Miss Wibberley described her as "funny and jolly" which I think is an amazing description.

Some of Miss Wibberley's teachers were horrible and that encouraged her not to be like them at all and to be a great teacher. To be honest I know she is an amazing teacher either way. That is why she said Quote "I feel at home in my classroom" in my opinion that is wonderful statement. Miss Wibberley was only a teacher when she met Miss Davis, she said that she was so helpful and showed her around. Miss Wibberley also had to say one thing and that thing was. WE ARE THE NEXT GENERATION!

If you have a bad environment out of school this can really affect your learning in school. To stop this our teachers put bright colours in our classrooms to make you feel more comfortable and happier! Also teaching children colours is amazing but they can take this in a bad way so normally people think red means angry but red could also mean love or kindness. In school we have zones of regulation, so if you feel uncomfortable or sad then you can put your name on the emotion! "Never judge a book by its cover".
