

# BE A MATHMETICIAN DAY

EACH OF THESE ACTIVITIES WERE PLANNED BY YOUR TEACHER, BE SURE TO SAY THANKS!

For Year 6 everyone made their own mocktail! They were learning about how prices and how much the ingredients cost. The focus was how maths, money, dividing and multiplying link together.

Year 5 were on a school trip we hope they had a wonderful time.

Year 4 had a visitor that was talking to the children about measuring railings in train stations and discussing how many there are in the UK! They were also talking about structures in the other classrooms, this activity required numbers and making estimates.

Year 3 linked science very well to math's when they were talking about making potions! This linked to the states of matter and scaling to see how much to put in the potion.

Year 2 had a fun time during their shopkeeper roleplay! They would go to someone's shop, ask for something, and exchange it for money! This taught them how to add money for example if someone asked for a carrot and apple, they would have to add the two prices together and pay in toy money!

YEAR 1 was baking and using measurements, doubling, and adding to do it. That really sounds like fun!

YEAR R also participated in mathematician day by building and collecting tall and short things. They also pretended to be builders and had so much fun doing it!

Overall, we all had fun doing our activities and will remember them forever!

## TERM TIMES

### TERM 3

Hot off the press

House	Points
St Andrews	7964
St Davids	9360
St Georges	7953
St Patricks	10858

# The Holocaust

The Holocaust was a very tragic event that occurred during 1933 – 1945. It was the systematic mass murder of approximately 10 million people (about half the population of New York) ,6 million of them Jewish carried out by the Nazis.

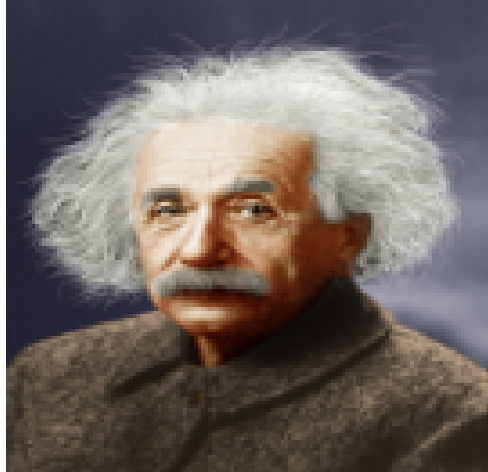

On Thursday 25<sup>th</sup> six representatives from Stone St Mary's went to Chatham memorial synagogue and shared a poem they composed themselves to the Jewish community to signify this time of remembrance.

They were also accompanied by Cliffe Woods primary, Hallings primary, Sir Joseph's mathematical school, Bradfield academy and many more. There were also other parties in attendance such as Kent police, Medway youth forum and so on.

## DOLPHINS WORSHIP GIVES US A MOUNTAIN OF MESSAGES

Dolphin's worship has given us a mountain full of facts with their inspiring worship based on PSHE. The worship was full of both historical influences and modern ones such as J. k. Rowling, Albert Einstein, Usain Bolt, Walt Disney, and Mary Seacole.

They gave many messages linking to dreams and goals and never looking back on the past. Some people mentioned their dreams like being a basketball player, gymnast, pilot or even an astronaut. Their quote was Believe, Inspire, Achieve. They made links with PSHE, Jigsaw, Mental health week, worry boxes and zones of regulation.

They gracefully sang the song, For Me whilst clapping in a coordinated routine for the introduction. For the next song (The Greatest Showman) we all sang as a school whilst Dolphin's class performed sign language!

## FREEDOM

Why me? Why me?  
Why do I have to be the one taken?  
Why me? Why me?  
Where has my family gone?  
Why me? Why me?  
Why do they hate all the Jews?

Oh, help oh help!  
My friends are dying  
The Nazi are here  
I might be next  
Please send help

Sweat dripping down my face  
Stuck in this terrible place  
No where to run now nowhere to go  
People screaming desperately with all there might

I'll never forget the faces filled with fear  
My life no more than a gloomy shadow  
I'll never forget peoples bodies dropping to the floor  
The deafening sound of gunfire, then silence...

The flashbacks I have  
Send me to the past  
And I think of the moments  
I did not want to last  
When I fall asleep  
I dream of a place  
I have, my own safe space

If you can carry on and not breathe a word  
If you can remember and not be disturbed  
If you can mourn the dead and think about who has gone  
If you can talk about it and still stay strong  
Freedom will last till the end of your days

# DAY IN A LIFE WITH MS GROVES!

WRITTEN BY THE HEDLINERS

## CLASSROOM

In her classroom she loves doing R. E on Mondays to make the environment peaceful and spiritual. For their early morning work, she would do math questions for everyone; she also does feedback frogs with the students. She thinks that the qualities of her class are funny, respectful, and a total vibe.

## HOBBIES

Specifically, she loves watching the Paralympics and the Olympics because of how they all persevere. Other than netball, Ms. Groves has a passion for swimming, spin, teaching P.E and math's.

## INSPIRATIONS

Her inspirations are people close to her like her mum. She also has inspirations from her old school like her male and female teachers.

## HER HOME LIFE!

### Monday:

A day in the life of Miss Groves starts off with her dog Bohdi {he is a cocker spaniel} After she has woken up, she takes Bohdi out to go to the toilet. After that she feeds Bohdi then gets ready for school. Miss Groves leaves the house at 7:00 am if there is no traffic then it takes 30 minutes to arrive, but when there is traffic it could take up to 1 hour!

### Netball to her.

As a child miss groves had a passion playing netball. As years passed, she developed her own netball club. In primary and secondary school, she participated in the school team. That is one of the reasons why she wanted to coach netball.

## Jazzy JAGUARS CLASS WORSHIP

Wednesday, 31<sup>st</sup> January 2024

The whole school was flabbergasted by Jazzy Jaguars' amazing acting! We were amazed by how they made us laugh whilst giving us facts that will never leave our brains! They considered how they can be funny then give us a marvelous insight into the lives of King Henry V111's six wives.

Each character has their own special personality and I think Mr. thew chose the right people for the job!

### Fact

The only queen to provide Henry with his much-desired son was Jane Seymour. Sadly, she died of a sickness after giving birth.

## BEETLES WORSHIP BLOWS US AWAY

On Wednesday 24<sup>th</sup> of January 2024 beetles' class wowed us. The message in this worship was to take care of our environment. They told us how filthy environments can affect the earth. They also gave us a warm welcome.

The year ones pointed out how the pandemic has affected us in the UK. This wonderful message has made us realize that the world is precious. We all need to teach others how important it is to care for the environment.

Their singing was amazing, and they projected their voices when they had too. The song they sang was heal the world behind by Micheal Jackson.

## FUN FACT

Every 100 years there is a pandemic like in 2020 there was covid. CRAZY right?! But that is a theory.

## MESSAGE

The message of this worship is: Look after our world and take care of our environment.

In this worship there was an immaculate quote which was: We should teach the world and looking after the world.
