## **Pupil Premium Strategy Statement**

## Stone St Mary's CE Primary School

## 2023 - 2026

This statement details our school's use of pupil premium (and recovery premium for the 2023 to 2026 academic year, as part of a three-year strategy) funding to help improve the attainment and personal development of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding and the impact that last year's spending of pupil premium had within our school.

## School overview

Detail	Data
School name	Stone St Mary's CE Primary School
Number of pupils in school	643
Proportion (%) of pupil premium eligible pupils	136 (21%)
Academic year/years that our current pupil premium strategy plan covers (3-year plans are recommended)	2023-2026
Date this statement was published	December 2023
Date on which it will be reviewed	December 2024 (Year 1)
Statement authorised by	J. Rolfe
Pupil premium lead	R. Gavin
Governor / Trustee lead	D. Milne

## Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£179,080
Recovery premium funding allocation this academic year	£4,241
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year	£184,559
If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	

## Part A: Pupil premium strategy plan

#### **Statement of intent**

At Stone St Mary's we aim for all our pupils to flourish, both academically and in their wellbeing. We also encourage our children to fulfil their potential in the wider community, realising their talents and abilities beyond the curriculum.

We want our children to live up to our school vision and live out 'Caring, Growing, Shining, Together' daily, becoming confident in themselves and others. Our children, both disadvantaged and non-disadvantaged are in receipt of Quality First Teaching daily, with clear and robust assessment for learning in place in order for progress to be made by all. Our Pupil Premium strategy plan works towards ensuring that the daily diet for disadvantaged pupils is highly effective so that they can access learning and wider opportunities with appropriate support and challenge in every lesson across our curriculum.

Our key principles behind success for our disadvantaged pupils lie in developing and strengthening social and emotional skills along with wellbeing and enrichment, so that learning is memorable and allows children to flourish. We focus on individual ability, ensuring challenge and support for all both in the classroom and in regular one-to-one sessions with a teacher. We believe that this is the most effective way for children to, not only fill gaps, but learn new knowledge and apply this.

Being in school is paramount for our disadvantaged pupils, so a focus on attendance and working with parents underpins success in school. We build strong home-school partnerships with our disadvantaged families and ensure we have regular meetings with them and external agencies, not only regarding attendance if it falls below where we want and need it to be, but also support and advice with 'help at home' ideas for how to maximise their child's potential.

At Stone St Mary's we offer an extensive range of extra-curricular and enrichment activities where we actively encourage our disadvantaged pupils to take part both in school and beyond, representing our school at sporting, musical and artistic events on a local and national scale. As a school, it is our ambition to ensure that children that are economically disadvantaged are not precluded from the full range of experiences that every child should be exposed to. We want our children to be ambitious and feel part of the wider school community, enabling better mental-health and wellbeing.

## Challenges

## This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge	
1	<b>Attendance and punctuality -</b> some of our most vulnerable pupils' attendance has declined and the persistent absence for this group, although improving, is still a concern. We aspire to fully engage our families to ensure they value attendance at increase their engagement.	
2	<b>Emotional wellbeing</b> – as well as the aftermath of the Pandemic, and the current Cost of Living crisis, some of our families continue to face challenges in their lives; this includes financial and mental health. These challenges are faced both directly and indirectly. Disadvantaged children in our setting find it challenging to articulate and deal with their emotions and school is a safe setting in which they can do so. Many vulnerable pupils also need emotional support within the learning environment eg dealing with challenge, social interaction etc.	
3	<b>Communication and Language</b> – Disadvantaged pupils need to develop oracy skills, particularly vocabulary, and improve their access to reading experiences. This will support them with closing gaps in their reading and writing attainment. Some children require support to interact effectively and confidently in the learning environment.	
4	<b>Limited support from home with learning</b> – our disadvantaged pupils sometimes do not have access to extra learning resources at home and the right type of regular support.	
5	<b>Limited experiences outside school</b> – we need to improve the wider opportunities for disadvantaged pupils beyond their immediate location. This will help them develop their confidence as a result of engaging in activities.	

#### **Intended outcomes**

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
To reduce persistent absence in disadvantaged pupils. From 2022-2023 the Persistent Absence (PA) rate amongst disadvantaged pupils was 33%.	PA rate for Disadvantaged pupils to be below national by July '24 and fall further subsequent years.
Improve attendance for disadvantaged pupils (Last year: 92%).	Attendance of disadvantaged to be 94% by July '24 and increase to 96% in subsequent years,

Engagement with parents is in place in order to support parents, including a full-lime Family Liaison Officer (FLO).Attendance is tracked and monitored regularly by SLT.Signposting to outside agencies eg Early Help is in place to support vulnerable families with attendance.Penalty Notices are made where appropriate to PLAS. x3 yearly meetings to support parents and their children's attendance.Continue supporting the emotional wellbeing of disadvantaged children across the school; leading to increased focus and accessible learning.High levels of engagement are evident in lessons, and all learning. Ulnerable pupils are receiving support from a range of internal and external agencies. Regular check in with consistent staff members are taking place to ensure pupils are on track and happy in school. Children are given the time they need via a range of strategies to develop their emotional intelligence. Daily emotional wellbeing checks using Zones of Regulation. Wellbeing Leads supporting Mental Health leads. Children have access to counselling and play therapy weekly where necessary. Pupil surverys indicate that there is high wellbeing and engagement amongst disadvantaged pupils.Continue to develop parental engagement, both to support the progress of disadvantaged children and within other opportunities.Regular parent workshops are in place to support children is learning at home. Parents of disadvantaged pupils are supported and signposted to relevant agencies through key members of staff. All staff are inveed in catabilishing positive relationships with all parents. 	Parents are supported to encourage their children to take part in a range of enrichment activities. Financial support is offered in order to ensure children can take part in enrichment activities, including Y6 residential.
Disadvantaged pupils are thoroughly and effectively supported through adaptation, resources, level of adult support and assessment.	All disadvantaged children are supported and challenged through weekly Feedback Frog sessions, one-to-one with a teacher or TA. (English and Maths as a minimum.) TAs are effectively deployed in order to maximise impact and support progress. TAs are fully aware of effective assessment for learning strategies in order to move children on in their learning, plugging gaps and challenging. Learning walks will show that staff are supporting pupils effectively through Quality First Teaching and Kent Mainstream Core Standards interventions.
Disadvantaged children are consistently challenged in the classroom through a variety of strategies.	Consistent variation and adaptation is evident in all of their learning. Disadvantaged books reflect challenge where necessary. Disadvantaged children make EXP/EXP+ progress across the year. Disadvantaged children are flourishing in all areas across the curriculum.

### Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

#### Teaching (for example, CPD, recruitment and retention)

#### Budgeted cost: £92,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
TAs are effectively deployed to support Disadvantaged Pupils	EEF research shows + 4 months (moderate impact). Research shows that HOW they are deployed is key to success.	2, 3
TLC groups (Formative Assessment)	The feedback research from the EEF shows a very high impact for a very low cost, based on research.	3
Continue to embed Kagan to develop collaboration and communication.	There is strong evidence that collaborative learning approaches may benefit those with low prior attainment by providing opportunities for pupils to work with peers to articulate their thinking, share knowledge and skills and address misconceptions through peer support and discussion.	3
Use of Maths Mastery/Mastering Number Approach to teaching Maths	EEF study on Mastery learning suggest that mastery approaches have consistently positive impacts, with effects being higher for primary school pupils and in mathematics. On average, pupils make an additional 5 months progress over the course of a year when being taught using mastery learning approaches.	3, 4
Quality first teaching is robust across the curriculum across the school as a result of effective staff development opportunities.	Quality First Teaching is paramount for supporting learning and progress, ensuring clear progression rather than disjointed approach. EEF tiered approach states that quality first teaching is a top priority and will have the biggest impact on pupil outcomes.	5
Feedback Frog (1:1 intervention)	The EEF research shows high impact for moderate cost.	3
Training and resources for Little Wandle phonics scheme	Phonics has a positive impact overall (+5 months) with very extensive evidence and is an important	4

	component in the development of early reading skills, particularly for children from disadvantaged backgrounds (EEF – Phonics)	
Speech Bubbles	Oral language skills groups provide up to + 6 months impact	3
EEF projects: Curriculum development & Supporting disadvantaged. LLSE Kent Inclusion project	Leadership to develop the capacity of supporting inclusion.	All 1-5

## Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £46,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
TA intervention, catch up on the day every day, use of surgery to support addressing gaps in learning, use of feedback	Research shows that targeted deployment has a higher impact than generalised support. (+4 months) Feedback shows very high impact at very low cost according to research (+6 months)	5
Weekly English/maths 1:1 mentoring for vulnerable pupils by SLT and MLT.	Moderate impact for moderate cost (+ 4 months).	5

## Wider strategies (for example, related to attendance, behaviour, wellbeing)

#### Budgeted cost: £42,000

<i>Budgeted cost:</i> Activity	Evidence that supports this approach	Challenge number(s) addressed
Professional workshops and enrichment activities – access and attendance at these.	Research identifies the importance of aspiration interventions.	4

SLT and office manager to work collaboratively on challenging persistent absence	'Parental engagement has a positive impact on average of 4 months' additional progress.' <i>EEF – parental</i> <i>engagement toolkit</i>	1
FLO support/ play therapist/counselling to support emotional wellbeing of pupils and parents	Behaviour interventions + 4 months. Behaviour and emotional well being impacts on ability to access learning.	1, 2
Parent workshops to engage parents in their child's learning and support them to develop their own skills for learning at home	The Review of best practice in parental engagement: Practitioner's summary states that 'approaches and programmes aimed at developing parent academic skills have a large and positive impact on children's learning.'	4

## Total budgeted cost: £180,000

# Part B: Review of outcomes in the previous academic year

### Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2023 to 2024 academic year.

#### 2023 – 2024 review (Year 1)W:

#### Emotional wellbeing

- Children have been supported through play therapy and counselling this year. These services have been accessed by 36 children so far this year and where they have been able to articulate and download their emotions and feelings in a safe environment.
- Our full time Family Liaison Officer (FLO) has already this year supported over 50 families with a wide range of matters and assists daily on the playground as an integral part of the school.

#### Attendance and punctuality

- Persistent absence among Pupil Premium children this year stands at 20%, down on 33% from the whole of last academic year.
- Punctuality has improved from the autumn term, after worship being moved to an earlier time in the morning and the gate closing at 8.55am.

#### Communication and Language

- Kagan is continuing to be embedded across the school, with a focus on different structures being used with gambits and recall prompts an integral part of the structures.
- EFA is embedded in all classrooms across the whole school. Lesson observations show evidence of EFA being used by teachers across the curriculum with a core group of strategies used by staff and enjoyed by children.
- Little Wandle is used across EYFS and KS1 this year, with daily inclusion within all class, with rapid catch-up used to target any children who need extra intervention.

#### Limited support from home with learning

- Data shows that Parents' Evening in March 2024 was attended by 94% of Pupil Premium parents, compared to 90.5% in November 2023.
- At a RSE online parent workshop in April 2024, 110 families logged in and attended the event, of which 10 were Pupil Premium families.
- In autumn term of 2024, our school was awarded the Leading Parent Partnership Award for parental engagement and improved pupil outcomes and school life.

#### Limited experiences outside school

- 85% of Pupil Premium children have attended at least one teacher-led club this year, compared to 75% in 2022-2023.
- By July 2024, 100% of Pupil Premium children had been on at least one school trip, while 50% of Pupil Premium children represented Stone St Mary's at an external sporting event compared to 27% for the whole of the academic year in 2022-2023.

Autumn 2023 data, via a questionnaire, showed that 15% of children in Y5 and Y6 rated their confidence as 5 or below (1-10 scale) at the start of the academic year before starting Rock Steady. Spring data showed that 55% more of the same cohort of children felt more confident after joining in with Rock Steady and the whole-school performances in autumn and spring.

### **Externally provided programmes**

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England

Programme	Provider
Times Tables Rockstars	Maths Circle Ltd
Speech Bubble	'Speech Bubble' by London Bubble
Little Wandle Letters and Sounds Revised	Wandle and Little Sutton English Hubs
FFT Aspire	Fischer Family Trust
Shine Interventions	Rising Stars UK

## Service pupil premium funding (optional)

For schools that receive this funding, you may wish to provide the following information:

Measure	Details
How did you spend your service pupil premium allocation last academic year?	n/a
What was the impact of that spending on service pupil premium eligible pupils?	n/a

## Further information (optional)
