

# Year R Newsletter Term 3

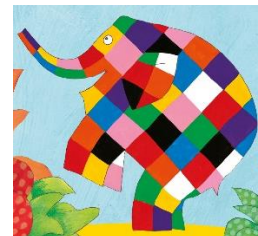

Happy New Year! Welcome back to a brand-new term!

We would first like to say how proud we are of all the children and how they have settled into school over the first two terms. They have blown us away with their learning so far – it is amazing to see the progress they have all made in such a short space of time.

We also wanted to say a huge thank you for coming to support the children during their Christmas performances. We're sure you will agree that their singing was excellent, especially performing in front of such a big crowd.

We hope you all had a relaxing Christmas break and made lots of lovely memories with your families and loved ones.

This term's learning is centred around the topic "Zoom to the moon"

We will be looking at Space exploration and travel. If anyone considers themselves to be an expert in this field or would like to share their experience of travelling/exploring different parts of the world with the children, please speak to your child's class teacher.

Please see Google Classroom for the knowledge organiser and the home learning for this term.  
If you are having difficulty logging onto Google Classroom please speak to a member of staff.

*Dates for your diary:*
