

Year 6 Home Learning Term 5

Complete one home learning task each week and upload to Google Classroom.

Science - Earth and Space

Task: What future missions are planned for space?

Instructions:

Research the future missions that are currently planned for space by the USA and UK.

Music - Song Writing

Task: Create an end of year song

Instructions:

Your task is to create a song - any genre - to mark the end of primary school.
Challenge - use garageband to create your own backing track.

Art - Silhouettes

Task:

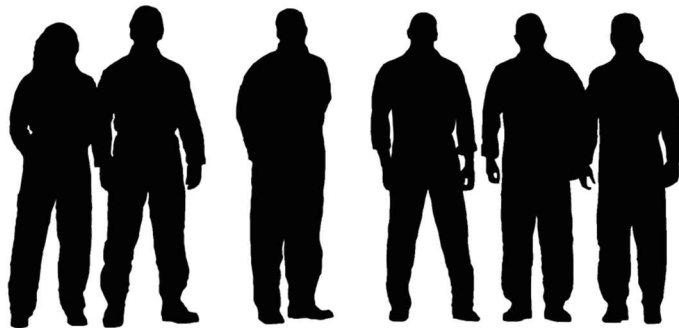

Research different artists who have used silhouettes.

Instructions:

Find out about different artists who have used or use silhouettes in their artwork.

What impact does this have on the final piece?

Present as you wish.

English - Creative writing

Task:

Create your own scary story!

Use the picture below as your starting stimulus! Your story can go anywhere!
