

# Year 6 Home Learning Term 6

Complete one home learning task each week and upload to Google Classroom.

## Science – Evolution and Inheritance

**Task:** Find out about variation in one type of pet.

### Instructions:

Make a poster about variation in one type of pet – e.g. a dog, cat, guinea pig, rabbit, hamster, etc.

Include:

- Different types of this pet e.g. Bulldog, Chihuahua, Cocker Spaniel etc.
- Variation between these breeds. e.g. size, fur, colours, body shape.

## PE: Health Related Exercise

**Task:** Create a circuit of exercises.

### Instructions:

Your task is to create a circuit of exercises that could be used during our PE this term. Think about the different exercises that could be included to help raise our heartbeats.

## Reflection

### Task:

Create an A-Z Year 6 memory page or scrapbook – this could be from during your time in primary school or just in Year 6.

Create as you wish.

Try and include something for each letter.

## English – Letter

### Task:

Write a letter of advice to your future Year 7 self!

You could include:

- The new school uniform
- Your journey to school
- Subjects
